Methods of assets and liabilities valuation

1. **Fixed assets and intangible assets** are covered by the analytical quantity and value register. They are valued according to acquisition prices or manufacturing cost decreased by depreciation and amortization write-offs in proportion to the period of their utilization, and also by the permanent impairment write-offs.
Fixed assets and intangible assets with the initial value of PLN 3,500 and below PLN 3,500 are amortized once, in the month following the month in which they were put into use. Fixed assets and intangible assets with the initial value of more than PLN 3,500 are amortized using the straight-line method, starting from the month following the month in which they were put into use according to the following rules:
 - computer software - 2 years
 - cost of completed research and development - 3 years
 - goodwill - 5 years
 - other intangible assets - 5 years
 - computer equipment as subject to technical progress is amortized at the rate increased by the coefficient of 2.0
 - means of transport as exploited more intensively in relation to average conditions and requiring special technical efficiency are amortized at the rate increased by coefficient of 1.4
 - fixed assets exploited on the basis of a leasing agreement are amortized at the rate resulting from the duration of the agreement
 - other fixed assets according to tax rates .
2. **Fixed assets under construction** are valued according to real costs incurred for the construction, assembly, adjustment and improvement of future fixed assets, decreased by the permanent impairment write-offs.
3. **Long term investments** are valued according to acquisition prices decreased by the permanent impairment write-offs.
4. **Stocks** including materials, commercial goods, finished products and work in progress are valued according to the following rules:
 - a) **raw materials and goods** according to real purchase prices increased by duty in case of imports. Expenditure in the year is valued according to the following principles:
 - goods identified by serial numbers according to the purchase price of those goods;
 - materials and goods not identified by serial numbers according to the FIFO principle „first in, first out“.
 - b) **finished products** according to the real and direct manufacturing costs.
Within the reporting period, the turnover of finished products takes place according to book-keeping prices. At the end of the reporting period the evaluation is corrected for deviations in relation to real and direct manufacturing costs.
 - c) **production in progress** is valued according to real and direct manufacturing costs of particular orders.
5. **Domestic receivables** are valued according to the nominal value set at their beginning. Receivables in foreign currencies at balancing date are valued at the average exchange rate set for a given currency by the National Bank of Poland.
At balancing date the receivables and claims are indicated in the value corrected by revaluation write-offs in the following cases: .
 - brought before the court - 100% write-off;
 - receivables from entities in liquidation - 100% write-off;
 - receivables that have been overdue for over half a year - 100% write-off.
6. **Short-term financial assets** are priced at market value. Results of the differences between the priced value at the balancing day and the acquisition price regard revenues or financial costs.
Domestic cash is valued at nominal value.
Cash in foreign currencies at the balancing day is valued at the average exchange rate

set for a given currency by the National Bank of Poland.

7. **Primary capital (share capital)** is valued at the nominal value, in accordance with the entry in the National Court Register.
8. **Supplementary capital** is priced at the nominal value resulting from capital increases and decreases.
9. **Revaluation capital** is valued at nominal value resulting from capital increases and decreases.
10. **Provisions for liabilities** include:
 - a) **Provisions for retirement benefits** valued at the balancing day according to the following formula:
the number of employees without the settled right to retirement at the balancing day x average monthly salary in the company x likelihood indicator of retirement severance payment, differentiated by the employee's age:

Data provided by the companies doing market research indicate that the IT market is overcoming the crisis. A significant increase in orders for IT solutions highlighted in particular in the public sector and financial sector. The study shows that as many as 83% of companies surveyed expected growth of the IT market and the respondents forecast a double-digit growth rate in 2011, and that the market will grow faster than the forecasts indicate because many IT investments, which after 2009 were halted due to the global crisis, are and will be implemented soon

In the first quarter of 2011 the revenues from sales amounted to PLN 14,725 thousand and they are higher by about 24% compared to the first quarter of the previous year. In the first quarter, the share of products sales in total sales remained at similar level as compared to the same period of the previous year (45.8% compared to 46.9%), so the share of goods and materials sales in total sales was equal to 54.1% (53% in the first quarter of 2010). Additionally, in the I quarter of 2011 there is a growth of margin in goods and materials sales compared to the I quarter of 2010 – then the margin in goods and materials sales was 2.4%, while in the reported period it was 2.9%. However, the margin in products sales decreased from 16.1% in I quarter of 2010 to 5.6% in the I quarter of 2011. The company completed the I quarter of 2011 with the net loss in the amount of PLN 2.271 thousand.

A decline in the profitability of services sales is the consequence of the activities undertaken by the Company with the aim to broaden the scope of services for key clients of Talex. These activities are connected, inter alia, with the increase in the employment in the Company. The financial result has been also affected by not completed and outstanding development projects for which the Company incurred expenses in the first quarter of the present year.

On February 2011 the Company concluded an agreement with Polish Financial Supervision Authority with its seat in Warsaw. The subject of the agreement is the delivery of the software, carried out by the Company in the period of 3 years. The estimated net value of the agreement expressed in euro is equal to PLN 2.7 million.

On March 2011 Talex concluded the agreement with Lukas Bank S.A. with its seat in Wroclaw. The subject of the agreement is to provide IT hardware and software maintenance services and other IT services aimed at proper functioning of the Bank's outlets across the country. The agreement has been signed for 3 years. Remuneration due to the Company for providing maintenance services depends on the number of devices subjected to servicing – their list will be updated periodically. Remuneration due to the Company for providing services is presently assessed at 2 million PLN gross.

2. A description of factors and events, particularly of untypical ones, having a significant influence on the financial results achieved;

In the reported period there were no untypical events that might significantly influence the

financial results.

3. Explanations concerning the seasonality or periodicity of the issuer's activity in the presented period;

Similar to the results of the first quarter of the previous year, the results for the first quarter of this year show the lower value of sales of goods and products. Traditionally the Company records the highest sales in the last quarter of the year, which is connected to executing investment budgets by the largest clients of the Company at the end of the year.

4. Information concerning the issue, redemption and repayment of debt and capital securities;

In the presented period no issue, redemption or repayment of debt and capital securities took place.

5. Information concerning the paid (or declared) dividend, jointly and calculated per one share, with the division into ordinary and preference shares;

In the presented period there was no payment of dividend. The Management Board of the Company proposed on 16 May 2011 to pay dividend in the amount of PLN 0.50 per share to the General Assembly of Shareholders as well as to give the profit change for supplementary capital.

6. Indication of events, which took place after the day for which the abridged quarterly financial statement was drawn up, not included in this statement, but which could substantially influence the future financial results of the issuer.

After the day for which the abridged quarterly financial statement was drawn up, it is on 31.03.2011, no events that could substantially influence the future financial results of the issuer took place.

7. Information concerning changes in contingent liabilities or assets, which have taken place since the end of the last financial year.

For the day of 31.03.2011 the value of guarantees issued by banks on the order of TALEX S.A. in relation with the executed agreements amounted to PLN 5,672 thousand. Contingent liabilities included performance bonds, bid bonds, bonds on account of warranty and guarantee and payment guarantees. Performance bonds comprised about 87.66% of the guarantees issued on 31.03.2011. The purpose of those bonds is to secure the claims which could arise in the case of improper performance of an agreement. Nearly 3% comprised of payment guarantees, whose purpose is to guarantee the timely payment of monetary liabilities, about 6% comprised of bonds on account of warranty and guarantee, and about 9%, for the last day of March 2011, comprised of bid bonds.
