8. Till the day of 31 August 2011 the Company kept account books using the computer technique based on the integrated financial and accounting program IRBIS created by TALEX SOFTWARE Ltd. - the company bought on 1.06.1998. With the date of the 1 September 2011 the Company has started to use the integrated system of Microsoft Dynamics AX. The change of the electronic system had no effect on the measuring principles of the financial results of the Company.

Methods of assets and liabilities valuation

1. **Fixed assets and intangible assets** are covered by the analytical quantity and value register. They are valued according to acquisition prices or manufacturing cost decreased by depreciation and amortization write-offs in proportion to the period of their utilization, and also by the permanent impairment write-offs. Fixed assets and intangible assets with the initial value of PLN 3,500 and below PLN 3,500 are amortized once, in the month following the month in which they were put into use. Fixed assets and intangible assets with the initial value of more than PLN 3,500 are amortized using the straight-line method, starting from the month following the month in which they were put into use according to the following rules:
 - computer software - 2 years
 - cost of completed research and development works - 3 years
 - integrated system of ERP class - 5 years
 - goodwill - 5 years
 - other intangible assets - 5 years
 - computer equipment as subject to technical progress is amortized at the rate increased by the coefficient of 2.0
 - means of transport as exploited more intensively in relation to average conditions and requiring special technical efficiency are amortized at the rate increased by coefficient of 1.4
 - fixed assets exploited on the basis of a leasing agreement are amortized at the rate resulting from the duration of the agreement
 - other fixed assets according to tax rates.
2. **Fixed assets under construction** are valued according to real costs incurred for the construction, assembly, adjustment and improvement of future fixed assets, decreased by the permanent impairment write-offs.
3. **Long term investments** are valued according to acquisition prices decreased by the permanent impairment write-offs.
4. **Reserves** covering materials, commodities, finished products and production in progress are appraised as follows:
 - a. **materials and commodities** according to absolute purchase prices increased by import duty (in case of import). Yearly consumption is appraised as follows:
 - commodities identified by serial numbers according to their price of purchase
 - commodities and materials not identified by a serial number according to the FIFO principle "First in, first out".
 - b. **ready products** according to real, direct production costs.
During the reporting period the turnover of ready products proceeds by fixed prices. At the end of the reporting period the appraisal is adjusted with the deviation from absolute production cost.
 - c. **production in progress** is appraised according to real, absolute production cost of a particular order.
5. **Domestic receivables** are valued according to the nominal value set at their beginning. Receivables in foreign currencies at balancing date are valued at the average exchange rate set for a given currency by the National Bank of Poland. At balancing date the receivables and claims are indicated in the value corrected by revaluation write-offs in the following cases:
 - a. brought before the court – 100% write-off;
 - b. receivables from entities in liquidation – 100% write-off;
 - c. receivables that have been overdue for over half a year - 100% write-off.
6. **Short-term financial assets** are priced at market value. Results of the differences between the priced value at the balancing day and the acquisition price regard revenues or financial costs. Domestic cash is valued at nominal value. Cash in foreign currencies at the balancing day is valued at the average exchange rate set for a given currency by the National Bank of Poland.
7. **Primary capital (share capital)** is valued at the nominal value, in accordance with the entry in the National Court Register.
8. **Supplementary capital** is priced at the nominal value resulting from capital increases and decreases.
9. **Revaluation capital** is valued at nominal value resulting from capital increases and decreases.
10. **Provisions for liabilities** include:
 - a) **Provisions for retirement benefits** valued at the balancing day according to the following formula: the number of employees without the settled right to retirement at the balancing day x average monthly salary in the company x likelihood indicator of retirement severance payment, differentiated by the employee's age:

up to 25 years	5%
26-30 years	10%
31-35 years	20%
36-40 years	35%
41-45 years	50%
46-50 years	70%
51-55 years	80%
56-60 years	90%
over 60 years	100%

b) provision for deferred income tax created to the amount of income tax payable in the future in relation to the occurrence of positive transient differences between the book value and the tax value of assets and liabilities. The amount of income tax resulting from negative transient differences is shown in **the prepayments and accrued income on account of deferred income tax.**

c) other provisions include the costs of future solutions for business transactions for which revenues have been accrued before the balance sheet date.

11. **Domestic liabilities** are priced in the amount requiring payment.

Liabilities in foreign currencies at the balancing day are valued at the average rate set for a given currency by the National Bank of Poland.

12. **Special funds** – do not occur.

Despite changes in the accounting system, in the period covered by the report the rules concerning the valuation of assets and liabilities and financial result measurement were not changed.

Stocktaking

Assets and liabilities shown in account books at the balancing day are covered by stocktaking conducted by means of:

a) the physical inventory

- fixed assets – once every 4 years
- materials, goods and products – every year in IV quarter
- production in progress – as of 31st December
- cash in hand – as of 31st December

b) balance confirmation

- cash at bank and bank credits – as of 31st December

Remaining information:

- 1. A concise description of important achievements or failures of the issuer during the period which this report concerns, including the list of the most important events regarding them.**

Revenues from product sales in the third quarter of this year amounted to PLN 95,101 thousand, and they are 76% higher compared to the third quarter of 2010.

After three quarters of this year the Company achieved highest level of revenues from sales of goods and materials in comparison with the analogous period in the previous year. However, the level of revenues from products sales slightly decreased (for about 9%). The share of sale from products in total sales for the third quarter of this year was 21.5% (41.5% in the third quarter of the previous year).

Therefore, the significant increase in the revenues from sales is primarily affected by the turnover from sales of goods and materials, which in comparison with the previous year increased by 137% and their share in total sales for three quarters of 2011 years was about 78.5% (in the same period last year it amounted to 58.5%).

The margin on sales from goods and materials remained at a similar level as compared to the third quarter of the previous year - then the margin on goods and materials sales was 6.6%, while in the reported period it was 6.3%. The margin on product sale decreased from 20.2% in the third quarter of 2010 to 7.5% in the analogous period of 2011. A decrease in profitability on revenues from sales of services is, among others, the consequence of the increased employment in the Company in the third quarter due to the extension of the scope of services provided to the Company's key customers.

The financial result was also significantly affected by the incomplete and outstanding service projects to which the Company incurred expenses in the third quarter of this year.

The Company completed the third quarter of 2011 with the net loss equal to PLN 1,939 while only in the third quarter the Company has achieved the profit of PLN 291 thousand.

In the third quarter of 2011 the Company started the implementation of the agreement with the

Information Society Development Foundation (FRSI - Fundacja Rozwoju Społeczeństwa

Informacyjnego) with its seat in Warsaw (Foundation), the subject of which is the delivery of IT solutions to public libraries throughout the country as a part of the second round of the Library

Development Program of the Polish-American Freedom Foundation, as well as the implementation of

the agreement with the Polish Nationwide Foundation of Computer Education (OFEK Ogólnopolska Fundacja Edukacji Komputerowej) with its seat in Wrocław (Foundation), the subject of which is the delivery of IT hardware, software and other IT services as part of the realization by the Opole

Voivodeship of the project 'Opole e-School, a school to the future.'

In the third quarter of this year the Company announced the information on concluding the annex with Bank Handlowy S.A. in Warsaw (Bank). Under the signed annex the term of the agreement, the subject of which is the delivery of services of Bank's technological infrastructure, shall be extended for a period of subsequent 3 years. Also, the Company has received the information on the conclusion of the agreement with State Treasury represented by the Armaments Inspectorate (concluded by the consortium of Talex S.A and Fujitsu Technology Solutions sp. z o.o.), the subject of which is the delivery of IT solutions with a total gross value of PLN 18.7 million.

2. A description of factors and events, particularly of untypical ones, having a significant influence on the financial results achieved;

In the reported period there were no, other than the above mentioned, untypical events that might significantly influence the financial results.

3. Explanations concerning the seasonality or periodicity of the issuer's activity in the presented period;

Traditionally the Company records the highest sales in the last quarter of the year, which is connected to execution of investment budgets by the largest clients of the Company at the end of the year.

4. Information concerning the issue, redemption and repayment of debt and capital securities;

In the presented period no issue, redemption or repayment of debt and capital securities took place.

5. Information concerning the paid (or declared) dividend, jointly and calculated per one share, with the division into ordinary and preference shares;

In the presented period there was no payment of dividend.

6. Indication of events, which took place after the day for which the abridged quarterly financial statement was drawn up, not included in this statement, but which could substantially influence the future financial results of the issuer.

After the date this report has been done, that is after of 30 September 2011, there were no events that could significantly influence the future financial results of the Company.

7. Information concerning changes in contingent liabilities or assets, which have taken place since the end of the last financial year.

For the day of 30.09.2011 the value of guarantees issued by banks on the order of TALEX S.A. in relation with the executed agreements amounted to PLN 3,343 thousand.

Contingent liabilities included performance bonds, bid bonds, bonds on account of warranty and guarantee and payment guarantees. Performance bonds comprised about 54% of the guarantees issued on 30.09.2011. The purpose of those bonds is to secure the claims which could arise in the case of improper performance of an agreement. Nearly 5%

comprised of payment guarantees, the purpose of which is to guarantee the timely payment of monetary liabilities, about 40% comprised of bonds on account of warranty and guarantee, and about 1%, for the last day of September 201, comprised of bid bonds.
